- Judge/Proctor: Someone!
- Equipment
  - Judge
  - Sheets: (Crossword Puzzle x #Participants) + 1 Answer key
  - Pens paper
  - Station score sheet
- Game: 15 minutes
  - Guess Word
  - Correct or incorrect
    - Incorrect
      - Keep guessing
    - Correct
      - Write it in
- Clue
  - Up to 3 clues
    - -1 point per clue given
  - Make up clue at your discretion; please don’t just tell them the word
- Points
  - 5 pts/word
  - 20 pts extra if get whole board; maybe even more no group has done yet
Across

2  There's a crack in the boat
6  Stone at UVJ
7  You see a nitinol wire extending into Zone 1
8  Fluid collection posterior to aorta
11 Dynamic lung finding indicative of pneumonia
13 Landscape for the appy
15 Septic thrombophlebitis
17 FakeOut Pregger
18 Intima separated from media
21 Gallbladder's shadowing trick to make you think there is a stone
22 Lung A lines demonstrate which artifact
24 Homer Simpson Loves intussusception
26 Johnny Cash Appy
27 Dissecting right through the seagull
28 When it doesn't change with positions, and you should cut it out
29 Dynamic membrane only seen at high gain
30 Abscess is <1cm, has ill-defined edge, irregularly shaped
31 Hypoechoic fluid between placenta and uterus

Down

1  What you should not see with a pneumo
2  R/O DVT here after bifurcation of CFV
3  Pyloric Stenosis
4  Hypoechoic fluid collection near distal phalanx
5  E/A grade II
8  Block for the plantar foot foreign body
9  Sonographic evidence of obstruction in HCM
10 Squish the leg, r/o DVT
12 When you misinterpreted the gallbladder for loop of bowel and may need it out
14 IVDU, fever leg pain bruit
16 Dirty shadowing in wall of gallbladder
19 Deep vein is echogenic, has web-like filling defects, and thick wall
20 Gallbladder normal variant
23 Claim it an IUP
25 Block the interossei
