

# OHSU Department of Emergency Medicine Adversity Scholarship

**Oregon Health & Science University's Department of Emergency Medicine is committed to recruiting resilient and diverse student rotators.** We recognize the maturity, resiliency, and unique perspectives that students who have experienced significant adversity can bring to a program, and we want to facilitate those students completing visiting student rotations with us. We are therefore pleased to offer the OHSU Emergency Medicine Adversity Scholarship, which is a \$1500 scholarship that will be offered to qualified students who are planning to pursue emergency medicine as a career and who have experienced significant adversity in their lives. This scholarship is intended to offset costs of travel and lodging during an EM visiting student sub-internship at OHSU.

Applicants must meet the following criteria:

- Students must be planning to apply into an emergency medicine residency
- Students must identify as persons who have experienced significant disadvantage or adversity (i.e., a first generation college graduate; a recipient of social service resources while in elementary or secondary school, enhanced education or other programs for diverse populations; or by experience of economic, cultural, educational or family adversity)
- Students should only apply for the scholarship if the expense of travel and lodging without the scholarship would cause economic hardship for the student
- Students must meet OHSU's visiting student requirements:  
<https://www.ohsu.edu/school-of-medicine/md-program/visiting-students>
- Students must submit a complete visiting student application through VSLO

Students who meet the above criteria are encouraged to apply starting 3/25/24 at the following link: [bit.ly/OHSUEMScholarship](https://bit.ly/OHSUEMScholarship)
