Visiting Underrepresented Scholar Program

Scholarship program for fourth-year medical students interested in Emergency Medicine who have backgrounds traditionally underrepresented in medicine. Funding includes up to $1500 for reimbursement of travel, housing, meals, and application fees.

Program Description

Our visiting scholar program is designed to give students the opportunity to experience the exceptional training in the UC Davis Health System Emergency Department. Students will spend four weeks as an acting intern in the Emergency Department. They will care for a variety of patients ranging from pediatrics to geriatrics. UC Davis Medical Center is a Level I Adult and Pediatric Trauma and Tertiary Care and Burn Center that serves an ethnically diverse population in the greater Sacramento Area. Students completing an acting internship will do 10 shifts (10 hours) in the adult high-acuity ED and 3 shifts in the Pediatric high-acuity ED. Students will also be given the opportunity to attend UCD EM residency Academic Forum teaching, Journal Club, and Simulation education activities.

In addition to providing an EM educational experience, this rotation affords a chance to form close working relationships with residents, fellows, and attendings in the UCD Emergency Medicine Department. Qualified applicants will be given the opportunity to obtain a consensus Standardized Letter of Evaluation (SLOE) for their rotation as well as meet with UCD EM Residency leadership to discuss career plans and interest in further EM training at UC Davis.

Application Requirements

Applicants for the funded positions must come from backgrounds underrepresented in medicine. This includes (but is not limited to) people with the following ancestry: African American/Black, Alaskan Native, Native American, Latin American, Native Hawaiian/Pacific Islander, and mainland Puerto Rican. This can also include gender and sexual minority people, people with disabilities, and those who come from an economically disadvantaged background. Applicants must provide the following:

- Visiting Student Application Service (VSAS) application for rotation at UC Davis in EMR 440, Emergency Medicine Clerkship
- Completed VUSP elective application form with personal statement (see instructions on VUSP application)

The application deadline is 3 months prior to the listed start date on each rotation offered in VSAS. However, the program utilizes a rolling admission process in which students are accepted or waitlisted at the time of their submission of a complete application.

Applications will be reviewed by members of the Student Curriculum Oversight Committee in the UCD Department of Emergency Medicine. Applicants not selected for the UCD EM VUSP should consider applying for the Diversity in Medicine Visiting Elective Program through the UC Davis Health Office of Student and Resident Diversity. There is also the option to apply for unfunded electives in VSAS. Please direct questions to Anubhav Kaur (Clerkship Coordinator) at email at apakaur@ucdavis.edu.
