

# Innovation Partners Alliance

Industry and Foundation partners funding academic emergency medicine's future

For those organizations that are committed to saving lives, supporting healthy communities, and advancing medical innovation, emergency medicine offers a unique avenue to impact. We invite you to learn more and [discuss with us](#) how the SAEM Foundation (SAEMF) can help advance your philanthropic and innovation goals.

## ***SAEMF, Industry, and Foundations: The Catalyst For Progress***

Supporting SAEMF provides your organization the opportunity to be showcased as one that is aligned with advancing EM by helping to build the pipeline of talented researchers who will lead EM's future.

Whether you are interested in supporting specific areas of research and career development, or you prefer to allow our Board of Trustees the flexibility to identify the best use of your support, it all starts with a conversation. Consider:

- ➔ Contributing an unrestricted grant or donation to support our mission, allowing our Board the flexibility to use your funding for priority areas, new initiatives and Grant Programs, and, to ensure backing to carry out vital programs
- ➔ Providing a grant or sponsorship that will make possible our charter Grant Programs highlighted in the [Building Career Investigators section of this Guide](#):
  - ➔ Research Training Grant
  - ➔ Research Large Project Grant
  - ➔ Education Research Grant
  - ➔ Education Project Grant
  - ➔ Resident and Medical Student Research Grants
  - ➔ EM Medical Student Interest Group Grants

See [saemfoundation.org](https://saemfoundation.org) for more information about grants.

- ➔ Proposing and funding the establishment of a new Grant Program to encourage innovative research or training in a specific area
- ➔ Sponsorship of an attendee engagement activity for an SAEM meeting (for example, an in-booth engagement activity that supports a donation to SAEMF based on the attendees' visit to your booth)
- ➔ Contributing a matching grant to inspire other companies, foundations, and individuals to join in your philanthropic spirit during GivingTuesday
- ➔ Making SAEMF one of your charities of choice for your workplace giving, and matching employees' gifts to double their impact

Let's explore the possibilities! [Contact us](#) to get started.

## **Innovation Partners Alliance – Responding to New Challenges, Addressing the Most Pressing Questions in Emergency Medicine**

The Innovation Partners Alliance is a collaborative of organizations that choose to partner with SAEMF in our mission, leading to advances in emergency medicine through research and education. Through this powerful initiative, SAEMF seeks to build long-term partnerships that fuel new programs to address some of the most pressing issues in our specialty today – health equity, disaster preparedness, geriatrics, gun violence, toxicology, domestic abuse, and far beyond. Not only does funding from the Innovation Partners Alliance support solutions to these issues – it also provides your organization with opportunities for meaningful recognition as a supporter that is paving the way to a more vibrant future for academic emergency medicine and its patients.

SAEMF is pleased to invite you to experience all that becoming a Innovation Partners Alliance supporter offers.

## **Engagement**

A vehicle for listening, learning, and connecting with SAEM members, both today's emergency medicine experts and trainees who will lead the specialty in years to come

## **Collaboration**

A conduit for conversation about key issues in academic emergency medicine, identification of collaborative solutions, and establishment of funds to catalyze progress

## **Visibility**

Recognition for your commitment in charter communications, acknowledgement for initiatives made possible through your support, and via SAEM/F events

Recognition subject to change based on opportunities available at time of support confirmation. SAEMF approval required prior to release of any materials carrying supporter icon.

For grant-related recognition: SAEMF to select grant recipients - supporter does not influence grant funding decisions; recognition will be in conjunction with the grant program funded, not tied to specific projects / researchers. **Support must be confirmed by September 1 the year preceding the funding. Funds must be paid in full by April 1 of the following year.**

SAEM acknowledges Innovation Partners Alliance supporters for cumulative support received from January 1 to December 31.
