HERE'S HOW TO GET STARTED

There are two ways you can log into the SAEM Community Site:

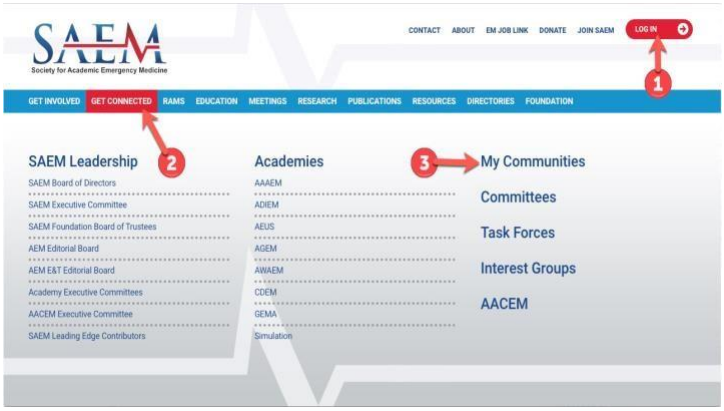

Log in directly at the [Community Site](community.saem.org) (community.saem.org) by entering your username and password.

OR

1. Head over to SAEM.org and click the red "Log in" button in the top right corner of your dashboard.

2. Log in using your username and password. Once you're logged in, hover over "Get Connected" in the blue tab just under the SAEM logo. Here you'll see a list of all the ways you can connect.

3. Click "My Communities," and bam, you're there!

CONNECTING ON THE GO

Busy but still want to connect with your SAEM community? There are two ways you can stay in touch while you're on the go:

For iPhone Users

Visit the App Store, search for "SAEM Community," and download. Log into the app with your username and password.

For Android Users

Head over to Google Play, search for "SAEM Community," and download. Log into the app with your username and password.

Your SAEM Staff is here to help. If you forgot your username and password or aren't sure if you have a username and password, give us a call at (847) 813-9823 or shoot us an email at membership@saem.org and we'll be happy to help you out!
