SAEM Research Committee: List of Foundations that Fund Emergency Medicine Research

Society for Academic Emergency Medicine Foundation (SAEMF)

<http://www.saem.org/saem-foundation/grants>

Founded in 2008 by SAEM, to increase funding for emergency medicine research, and funds nearly \$300,000 in grants each year.

- 1) Research Training Grant
- 2) Education Fellowship Grant
- 3) Education Research Grant
- 4) Medical Student Research Grant
- 5) Emergency Medicine Interest Group Grants
- 5) SAEM/ACMT Michael P. Spadafora Toxicology Grant

Emergency Medicine Foundation

<http://www.emfoundation.org>

Founded in 1972 by ACEP, EMF is partnered with a number of other foundations and awards more than \$500,000 in emergency medicine grants each year.

- 1) EMF Patient-Centered Outcomes
- 2) EMF Career Development
- 3) EMF Health Policy
- 4) EMF/EMAF Health Policy Scholar
- 5) EMF Basic Science and Clinical Innovation
- 6) EMF International Emergency Medicine Outcomes and Efficacy
- 7) EMF/AAHF Emergency Department Planning, Operations and Design
- 8) EMF/ENAF Team
- 9) EMF/EMRA Resident Research
- 10) EMF/EMRA Resident Critical Care Research
- 11) EMF/Medical Toxicology Foundation Research

- 12) EMF/SAEMF Medical Student
- 13) GEMSSTAR/Jahnigen Grant (in partnership with AGS and SAEM)
- 14) EMF/EMBRS
- 15) EMF/CORD Starter Grant
- 16) EMF/CORD Education Research Grant

Emergency Medicine Resident's Association

<http://www.emra.org/Content.aspx?id=167>

Founded in 1974, EMRA is the oldest and largest independent resident organization in the world. Grants are intended for medical students, residents, fellows, and alumni.

- 1) Research Grant
- 2) Local Action Grant
- 3) Be The Challenge Grant

American Medical Association

<http://www.ama-assn.org/ama/pub/about-ama/ama-foundation/our-programs/medical-education/seed-grant-research.page>

Grants are intended for medical students, residents, and fellows.

- 1) Seed Grant Research Program

American Academy of Clinical Toxicology

<http://www.clintox.org/research.cfm>

Founded in 1968, AACT offers several grants for clinical toxicology research.

- 1) Research Award
- 2) Lampe-Kunkel Memorial Award for Research on Natural Products of Toxicology
- 3) Junior Investigator Research Grant
- 4) Toxicology Trainee Research Grant

Medical Toxicology Foundation

http://www.acmt.net/medical_toxicology_foundation/Research_and_Education.html

The foundation that provides research grants for the American College of Medical Toxicology.

- 1) MTF Innovative Research and Teaching Award
- 2) MTF Prescription Drug Abuse Prevention Award
- 3) MTF Practice Award

Foundation for Education and Research in Neurological Emergencies

<http://www.ferne.org>

Founded in 1997, FERNE seeks to improve emergency care of patients with neurologic emergencies.

- 1) Research seed grant
- 2) Directed Research in Neurological Emergencies Grant

Migraine Research Foundation

<http://migraineresearchfoundation.org/for-migraine-researchers.html>

Founded in 1996, The Migraine Research Fund is the only organization solely dedicated to funding migraine research.

The Mayday Fund

<http://www.maydayfund.org/maydayguidelines.html>

Founded in 1992, The Mayday Fund is dedicated to research on alleviating physical pain.

American Heart Association

http://my.americanheart.org/professional/Research/FundingOpportunities/Funding-Opportunities_UCM_316909_SubHomePage.jsp

Emergency Medicine Patient Safety Foundation

<https://empsf.org/grants-a-fellows.html>

Founded in 2003 to identify and respond to challenges of providing safe, quality healthcare in emergency medicine.

- 1) EMPSF/EMF Research Grant

- 2) Small Grants Program

National Emergency Medicine Foundation

<http://www.nemahealth.org/index.php/about-us/neme-grants>

Founded in 1992, its mission is to prevent injury and illness at every stage, with a focus on coronary trauma and heart wellness programs, all types of trauma, stroke, and the prevention of trauma.

Patient-Centered Outcomes Research Institute (PCORI)

<http://www.pcori.org/research-results/our-programs>

Authorized by the U.S. Congress in 2010, PCORI is a nonprofit, nongovernmental organization that funds comparative clinical effectiveness research and work that will improve methodology.

- 1) Clinical effectiveness research
- 2) Improving healthcare systems
- 3) Communication and dissemination research
- 4) Addressing disparities

Doris Duke Charitable Foundation

<http://www.ddcf.org/what-we-fund/medical-research>

Founded in 1996, the foundation seeks to improve people's lives not only through medical research, but also by supporting the arts, environmental conservation, and child well-being.

American Foundation for Suicide Prevention

<http://afsp.org/our-work/research/grant-information>

Founded in 1997, AFSP funds scientific research, offers education programs for professionals, educates the public, and is involved in legislative advocacy for suicide prevention.

- 1) Focus grant
- 2) Linked standard research grant

- 3) Distinguished investigator grant
- 4) Standard research grant
- 5) Young investigator grant
- 6) Pilot grant

Alpha Omega Alpha

http://www.alphaomegaalpha.org/postgrad_award.html

Supports residents and fellows to complete a scholarly project, with priority given for those focusing on leadership, professionalism, and teaching. Applicants do not need to be AOA members.

- 1) Postgraduate Award

National Trauma Institute

http://www.nationaltraumainstitute.org/research/investigator_request.html

Founded in 2006 to increase scientific knowledge related to trauma, burns, and injury prevention.

The Laerdal Foundation for Acute Medicine

http://www.laerdalfoundation.org/how_to_apply.html

Founded in 1980, The Laerdal Foundation for Acute Medicine provides financial support to practically oriented research and development in acute medicine. Preferred projects involve out-of-hospital acute medicine, and transport of patients with life-threatening disease or trauma.

The John A. Hartford Foundation

<http://www.jhartfound.org/grants-strategy>

Founded in 1992, it seeks to improve the care of older adults.

- 1) Interprofessional leadership in action
- 2) Linking education and practice
- 3) Developing and disseminating models of care
- 4) Tools and measures for quality care

- 5) Policy and communications

Robert Wood Johnson Foundation

<http://www.rwjf.org/en/how-we-work/grants.html>

MEDICAL EDUCATION

National Board of Medical Examiners (NBME)

<http://www.nbme.org/research/stemmler.html>

This fund was founded in 1995, and supports research and development of the theory, knowledge, and practice of assessment at any point along the continuum of medical education.

- 1) Stemmler medical education research fund

Society for Academic Continuing Medical Education

http://www.sacme.org/SACME_Grants

Founded in 1976, this grant funds research on physician lifelong learning within the domain of assessment and/or competency-based CME/CPD.

- 1) Phil R. Manning Research Award in Continuing Medical Education

HUMANISM

The Arnold P. Gold Foundation Research Institute

<http://humanism-in-medicine.org/the-arnold-p-gold-foundation-research-institute>

Founded in 2012, the foundation's mission is to discover and disseminate knowledge about humanism in healthcare.

- 1) Mapping the Landscape, Journeying Together

EMS

Medic One Foundation

<http://www.mediconefoundation.org/our-programs/research>

Founded in 1969, the foundation funds paramedic training in Washington state, and funds research in the pre-hospital setting.

- 1) General Research Fund grant
- 2) W. Hunter Simpson Fund for Research and Development in Pre-Hospital Emergency Care
